MEMORANDUM FOR: Director of Security

SUBJECT : RH Access Approvals

1. Attached are responses from DCI components regarding the need for RH access approvals. As you will note, some of those redlined make little sense in that they have transferred, or will transfer in the near future, to other positions where it may be necessary that their clearances remain in effect. For example,

[redacted] is now the DD/P Special Group Officer; [redacted] will transfer from PPB to NIPE and will need his clearance, at which time [redacted] (NIPE) will not; and [redacted] who is redlined from PPB, will be transferring to a position requiring his clearance.

2. I have discussed the matter with Colonel White and suggest the following redlines:

DCI: Raborn, William F.

ONE: Devlin, John F.

IG: Breckinridge, [redacted]

SUBJECT

: RH Access Approvals

1. This memorandum suggests action; this action is set forth in paragraph 3.

2. At the Executive Committee Meeting of 21 September 1966, it was agreed that the number of RH access approvals must be reduced to an absolute minimum. The undersigned was directed to institute a review of the "must know" of all Agency personnel holding RH access approvals.

3. Attached is a list of all personnel in the Office of the DCI complex who are listed as holding RH. Please make a careful appraisal of the need to know of each individual on the list. Please red line those individuals who no longer require an RH access approval to perform their assigned duties and return the list to this Office by close of business 26 September 1966 in order that the Office of Security might meet its assigned deadline.
